SCHOOL HEALTH

The Holistic Wellness is a leading private sector organization working in School Health. We enable Schools across the country to develop a Healthier student population and inculcate positive Health behaviours and attitudes.

Our Programs for Schools Addresses all the dimensions of a child's health (Mental and Physical Well Being) through a combination of counseling, testing and interventions. We take a 360 degree view of the eco-system affecting the child (i.e. Parents, Teachers and Support Staff apart from the Students themselves). Impart and reinforce important 'Life Skills'.

PROGRAM DELIVERABLES

Our program for School Health Screening is based on the guidelines provided in the CBSE Health Manual and our experience in working in this field. It consists of the following activities and deliverables:

- Detailed class wise project plan
- Health Report cards - Digital & Physical, for students
- Complete Health Analytics
- Doctors Consultation within School premises
- Session with Teachers on important observations
- Discussion session with Management on Health Analytics
- Follow-up Screening
- Sessions / seminars for Students, Teachers, Parents and Support Staff

FLU VACCINATION

The Holistic Wellness manages flu vaccination programs at your organization as well as at your home. With trained staff in all over india, we can deliver flu vaccination wherever you are. We don't use sub-contractor or staffing agencies you are supported every step of the way, from the very first planning meeting through implementation

A dedicated program manager serve as a single point of contact & handles every details.

EXPERT STAFF

We use our own employee to staff flu clinics. A designated lead flu nurse and doctor a hand every event, along with a registration co-ordinator to great participant & assist with paper work.

AMBULANCE SERVICES

OUR MISSION

Our Mission is to provide the highest quality pre-hospital medical transportation for our patients with the highest standards of safety. Patient care & customer service in today's fast-paced health care industry, quality & caring seem to be missing from many ambulance transportation companies we at strive to place the "Quality" & "Care"

First Aid Training

We help organizations empower their employees towards more Healthier lifestyles and choices. We have worked with Marquee organizations in the areas of Employee Health Screening, Health Risk analysis, First Aid & Emergency Response and Counseling & Awareness.

The Emergency Response / First Aid Training (ERT) program will constitute a workshop comprising of Theory and Practical demonstration.

We endeavor to make Schools a Safer place by providing Emergency Response and First Aid Training. Providing effective First Aid can make the difference between life and death, rapid v/s prolonged recovery and temporary v/s permanent disability.

We have worked with multitude of K-12 Schools and Pre-primary centers in training their staff, students and members of PTA in the area of First Aid. Our services are tailored for Teachers, Support Staff, Students and Parents.

Our First Aid Training program comprises of the following

Basics of First Aid

Understanding and using a First Aid Box

How to handle the following conditions

- Minor Burns
- Injuries like Fracture, Sprains, Cuts and abrasions
- Nose-bleeds
- Fainting
- Choking
- Cramps
- Drowning

Learn how to perform the following activities :

- Application of bandages and splints
- Heimlich Maneuver
- Cardio Pulmonary Resuscitation (CPR)
- Recovery Position

Notes :

- Specially designed modules for teachers, support staff, students and parents.
- Each participant will be presented with a Certificate of Participation.
- Our workshop duration ranges from 2 hrs to 4 days.
- All participating schools will be presented with a pocket size manual, a specialty designed First Aid box and detailed manual for school infirmary.
